The Agenda

The agenda is prepared by the superintendent and treasurer, with input from the president of the Board of Education. Board members receive the agenda, along with support information several days in advance of a board meeting so they may prepare for action to be taken.

Agenda items fall into two categories: routine & items for deliberation. The agenda for the Tri-Valley Board meetings presents a format which includes background information on each recommendation so that the reasons for the decision making might be known. This is an effort to present an agenda which is easily understood by all.

May I Speak at the Board Meeting?

*To maintain public education, it is essential to have genuine public understanding and support. Your Board of Education encourages citizen participation during a designated time on the agenda in which citizens may express their views on matters concerning the school system. **If you wish to speak to the Board, please fill out the request form and submit it to the Treasurer before the start of the meeting.** When addressed by the Board President, please state your name and address and the organization, if any, which you represent.*

Presentations should involve only those matters which are of broad, general concern. Individual problems and complaints are best handled through administrative channels, with the Board acting only as a source of appeal beyond the level of the Superintendent.

Will the Board Make Its Decision and Give Me an Answer Today?

Probably not. Issues are usually quite complex. If the question can be answered immediately, it will be. When matters of broad public concern are involved, however, the Board needs sufficient time to study all aspects and to hear others who have ideas on the issue. The Board will act as promptly as possible and will notify you when it reaches a decision.

What if I Have a Question, Complaint, or Want Some Information?

The Board's administrative staff is capable of handling most questions and requests for information. Matters relating to an individual school should be directed to the building principal. If a complaint or problem is not resolved at the building level, it may be appealed to higher levels. These levels include the superintendent. Eventually, matters may be taken to the Board of Education if a solution cannot be reached.

Please call the Administrative Center at 754-1442 if you need help in obtaining information or determining whom to see to answer your question.

WELCOME

The Tri-Valley Board of Education would like to welcome you to their meeting. If you wish to address the Board, please fill out the form below and give the card to the District Treasurer, Ryan Smith. Board policy limits all presenters to five (5) minutes. Public participation is reserved primarily for residents and parents/guardians of the Tri-Valley School District unless special permission has been granted by the BOE President.
